Regulatory Update

Risk Management Plan (RMP) – EPA reminds industry that the Clean Air Act (CAA) 112(r) requires certain facilities to submit Risk Management Plans. The five-year update anniversary is **June 2009**. Section 68.190 requires that facilities revise and update their RMP within five years of the initial submission or the most recent update. The initial submission date was due "on or before" June 21, 1999. Facilities that are no longer subject to the RMP rule must submit a revised registration to USEPA within six months explaining that it is no longer covered. The new online submittal program, E-Submit, will be available for use this spring. For more information, contact Mark Horwitz at 312/353-9045, Horwitz.Mark@epa.gov or visit www.epa.gov/emergencies/content/rmp/rmp_submit_2009.htm.

GSHMM Sponsorship

GSHMM's sponsorship program was modified based on our new website's on-line directory. As an extra "thank-you", we will include profiles on a few of our 2009 Gold sponsors in our newsletter. Gold sponsorship includes: company logo on each newsletter, recognition at the Spring Seminar, recognition at our fall business meeting, and logo/weblink on our website. Thank you for your continued support!

Featured Gold Sponsor:

Ameren Corporation was created with the December 1997 merger of CIPSCO Incorporated and Union Electric Company. Ameren grew again with the acquisition of CILCORP Inc. (2003) and Illinois Power Company (2004).

Ameren employees approximately 9,500 people and provides energy services to approximately 2.4 million electric customers and nearly one million natural gas customers across 64,000 square miles in Illinois and Missouri.

Ameren subsidiaries include: **AmerenCILCO**, **AmerenCIPS**, **AmerenIP**, **AmerenUE**, **Ameren Energy Resources Company, LLC**, (non-rate-regulated generation, development, marketing and fuels services companies), **Ameren Energy Generating Company**; **Ameren Energy Medina Valley Cogen LLC**; **Ameren Energy Marketing**; **Ameren Energy Resources Generating** (operates non-rate-regulated generation); and **Ameren Services** (provides support services to the corporation and its subsidiaries). NYSE ticker symbol: AEE. WEB ADDRESS: www.ameren.com

Do you...?

Have information regarding a new regulation or program?

Dig into existing regulations or programs and discover details that were previously overlooked?

Have a letter of interpretation that helps explain a regulatory quirk?

One of GSHMM's goals is to share information with our members. Please consider writing an article or a brief synopsis to share with others through our newsletter. Thanks!
